

Business-Focused IT Services to Keep You Secure and Supported.

Why Choose F One for Your Business IT Services?

At F One, we provide a comprehensive range of IT services tailored to the unique needs of small and medium-sized businesses. From managing Microsoft 365 licences to advanced spam filtering, secure email and file backups with SharePoint and OneDrive, and robust antivirus protection, our solutions ensure your business remains connected, protected, and fully cloud-ready.

With F One as your trusted IT partner, you'll benefit from straightforward support and dependable services that enhance your business's performance, security, and resilience.

-  **Microsoft 365 Management**
Simplify your workflows by letting us manage your Microsoft 365 accounts and licences, allowing you to focus on your core business priorities.
-  **Secure Data Backups**
Protect your business-critical files and emails with our automated cloud backup solution, ensuring your data remains safe from accidental or intentional loss.
-  **Next-Generation Antivirus Solutions**
Stay protected against evolving threats like ransomware with our advanced antivirus systems powered by SentinelOne, providing real-time defence and peace of mind.
-  **Spam Filtering**
Reduce the risk of cyberattacks and improve productivity with our spam filtering solution, which blocks harmful and unwanted emails before they reach your team.
-  **Proactive Threat Management**
Rely on intelligent detection systems that respond instantly to potential security risks, ensuring continuous protection and minimal downtime.
-  **Flexible and Scalable Services**
Whether you're a small business or growing enterprise, our scalable solutions evolve with your needs, ensuring consistent performance as you expand.

Microsoft 365 helps businesses work smarter with tools like Word, Excel, Teams, and Outlook. It allows employees to collaborate in real time and access files securely from anywhere. With built-in security features and cloud storage, it protects your data while keeping your team connected and productive.
